

ALL4LEARN Officially Start to Use on 7/9 (Mon)

If students cannot attend lessons due to problems of the Internet or the system, our school would notify parents about the related arrangement through the latest news on our website and the mobile APP.

The objective of the all-rounded online teaching and learning platform, “ALL4LEARN”, is to extend classroom education. The platform provides one-stop services for online teaching. Diverse teaching tools are offered at the same time, such as the functions of uploading homework and marking. It shows that one single platform can satisfy different needs of online learning for teachers and classmates, achieving a breakthrough in traditional learning experience.

1. Browse through the website of ALL4LEARN: <https://www.all4learn.com/>

Web Version

2. Click the upper right button:  to login in
